

# Mohammad Yaser Zarifi

CE student at Amirkabir University of Technology

**Address:** Tehran Province, Iran

**LinkedIn:** <https://www.linkedin.com/in/mohammad-yaser-zarifi-2b16b0205/>

- As a Computer Engineering student at Amirkabir University with a background in Urban Planning and Design, I possess a diverse skill set that includes expertise in UI/UX design and front-end development. My proficiency in HTML, CSS, and JavaScript, allows me to craft visually appealing and interactive web applications with a focus on user-centered design and accessibility. I take pride in optimizing website performance, incorporating smooth animations, and creating engaging user interactions to deliver polished and efficient solutions.
- My passion for both design and development enables me to bridge the gap between aesthetics and functionality, resulting in sustainable and community-focused solutions that make a positive impact. By blending my technical expertise with creative thinking, I am committed to contributing to projects that address real-world challenges and create meaningful digital experiences for users. With a continuous drive to stay updated with the latest industry trends, I am confident in my ability to excel in the field of front-end development and UI/UX design and contribute effectively to any team striving to create innovative and user-centric solutions.

## EXPERIENCE

### Sharifi Neya Travel Service, Kabul
